

Luan Rosa

Product Designer / UX/UI Designer / Game UX Explorer

Brazil-based · Remote and relocation-friendly · luanrosa.ux@gmail.com · luanrosa.com · linkedin.com/in/luanrosa

PROFILE

Product Designer with a multidisciplinary background in architecture, computer science, e-commerce, SaaS, EdTech and Game UX. I design scalable digital experiences that connect user needs, business goals and visual clarity, with strong experience in product flows, design systems, research, usability and developer handoff.

EXPERIENCE

Experience Designer / UI-UX Designer - Object Edge

Mar 2023 to Present

Designing B2B and B2C commerce experiences, including PLP, PDP, dashboards, navigation systems, order flows, design systems and conversion-focused improvements.

Product Designer / Web Designer - Freelance and UAIX Smart Design

Feb 2021 to Present

Creating websites, interfaces and digital experiences for small businesses and independent projects, combining visual design, UX structure and implementation constraints.

UX/UI Designer / Product Designer - Escola Conquer

Jun 2022 to Feb 2023

Worked on B2B and B2C education products, including LMS/LXP experiences, class management flows, internal systems and admin tools for a high-scale learning ecosystem.

Junior UX/UI Designer and Web Designer - Vennx Consultancy

Nov 2021 to May 2022

Designed web interfaces, landing pages and digital assets, strengthening the transition from visual and web design into product-focused UX/UI work.

SELECTED IMPACT

- Designed e-commerce experiences across B2B and B2C journeys, including PLP, PDP, dashboards and navigation systems.
- Supported digital commerce work in contexts involving 160+ stores and enterprise revenue over \$300M.
- Created and improved admin workflows for education products connected to large-scale learner ecosystems.
- Structured design systems, Figma libraries and components to improve consistency and developer handoff.
- Explored Game UX through companion app concepts, game interface analysis and public video essays.
